A Message from the Road-e-o Committee Chair

Dear Road-e-o Attendees:

Welcome to RRCC's 15th Annual Louie Pellegrini IV Memorial Safety Road-e-o (formerly the CRRC Truck & Mechanic Safety Road-e-o, established in 1991)! We're so glad you could join us today. Many people have worked hard over the past several months to make this a safe and fun event for all ages.

As always, safety is the heart of the Road-e-o. With increasing regulatory pressure on our industry, our goals are to:

1. Promote safety so employees may become aware of the laws and precautions of driving on the road in relationship to the solid waste industry.
2. Promote professionalism on the part of drivers in the solid waste field.
3. Build friendly competition and goodwill among participating companies.

We have 147 drivers, mechanics and forklift operators from 13 companies joining in today's competition! Total attendance from participants, family members, and volunteers is expected to be over 750 people. We're also pleased to welcome Rudy Vaccarezza to the Planning Committee this year!

I am honored to have been asked to serve as RRCC's Road-e-o Chair. The Planning Committee and I are committed to making this year's event the safest, most enjoyable yet. Let the games begin!
